

# Enroll in LifeLock Identity Theft Protection

In today's world of online shopping, using public Wi-Fi and giving out Social Security numbers as a form of ID, our personal information can be exposed. Unfortunately, free credit monitoring simply alerts you to credit issues. LifeLock not only has proprietary technology to detect a range of identity threats, if you do have an identity theft problem, our U.S.-based team of Identity Restoration Specialists can help fix it. It pays to have the comprehensive protection of LifeLock.

There was a victim of identity theft every 2 seconds in 2017.<sup>1</sup>

Nearly 15 billion dollars were stolen from identity theft victims in 2017.<sup>2</sup>

Nearly 60 million Americans have been affected by identity theft.<sup>1</sup>
