

RENEWABILITY AND CONTINUATION

This policy and riders are guaranteed renewable during your lifetime. The Company may change the premium rate, but only if the rate is changed for all policies and purchased riders in your state.

This policy will not be issued to anyone 65 years of age or over on the initial effective date. If you purchase the policy and/or riders prior to your 65th birthday, you may continue coverage after age 65 as long as you continue to timely pay the premium by the due date or during the 31 days that follow.

Covered dependents who no longer meet eligibility requirements may convert to a comparable individual policy without evidence of insurability. An insured spouse’s coverage will terminate at the time of divorce. However, an insured spouse’s coverage can be converted upon divorce or your death.

EXCEPTIONS AND LIMITATIONS

This policy, except for the Intensive Care Rider, pays ONLY for the loss resulting from cancer or specified diseases, as defined in the policy. IT DOES NOT COVER:

- 1. Any other disease or sickness;
- 2. Injuries;
- 3. Hospital confinement or expense that begins while a person is not insured under this policy;
- 4. Outpatient benefits for the same day hospital confinement benefits are paid;
- 5. Treatments which are not accepted or approved by the American Medical Association as an effective treatment for cancer;
- 6. Drugs or substances which are not approved by the Federal Drug Administration for use in the treatment of cancer;
- 7. Benefits will not be paid for pre-existing conditions during the first two (2) years this policy is in force. A pre-existing condition means a cancer or specified disease which is first diagnosed within two (2) years prior to the effective date of coverage for each insured person. Conditions, which are fully disclosed to us on the application and not excluded or limited by us in the policy, are not considered pre-existing condition.

COVERAGE EFFECTIVE DATE

Effective date means the date shown on the Policy Schedule page for all persons accepted for coverage at the time of issue, provided the application has been accepted and approved by us; the policy is issued; and the first premium has been paid; or the date shown by endorsement for all persons added to coverage after the policy has been issued. The effective date is assigned by the Company in accordance with our policy dating rules in effect at the time your policy is issued. The coverage provided by the policy will not be effective unless there has been no change since the date of the application and the effective date of the policy in the health of any proposed insured person listed on the application.
