## RENEWABILITY AND CONTINUATION

This policy and riders are guaranteed renewable during your lifetime. The company may change the established premium rate, but only if the rate is changed for all policies and riders like yours in your state. This policy will not be issued to anyone 65 years of age or over. If you purchase the policy and/or riders prior to your 65th birthday, you may continue coverage after age 65, except for disability riders, as long as you continue to pay the premium by the due date or during the 31 days that follow. Covered dependents who no longer meet eligibility requirements, may convert to a comparable individual policy without evidence of insurability. A spouse can continue coverage under this policy upon your death.

## EXCEPTIONS AND LIMITATIONS FOR ACCIDENT ELITE POLICY AND ACCIDENT DISABILITY RIDERS

The policy pays only for loss resulting from a covered accident as defined in the policy. It DOES NOT cover injuries incurred as a result of a covered person:

1. Being exposed to war or any act of war, declared or undeclared, or serving in any of the armed forces.
2. Intentionally self-inflicting bodily injury or attempting suicide, while sane or insane.
3. Participating in any form of flight aviation other than as a fare-paying passenger in a fully licensed/passenger-carrying aircraft.
4. Participating in, or attempting to participate in an illegal activity that is defined as a felony as defined by the law of the jurisdiction in which the activity takes place, whether charged, or not, or being incarcerated in any type of penal institution.
5. Driving any commercial passenger-carrying or cargo vehicle, except school buses, for wage, compensation, or profit.
6. Participating in any sport or activity for wage, compensation, or profit; or racing any type vehicle in an organized event.
7. Having cosmetic surgery or other elective procedures that are not medically necessary, or having dental treatment except as a result of injury.
8. Having any sickness or declining process caused by sickness, including physical or mental infirmity or infection (except bacterial infection from a covered accidental injury). Exception #8 does not apply to the Sickness Disability Benefit Rider, if attached to the policy.

## EXCEPTIONS AND LIMITATIONS FOR SICKNESS DISABILITY RIDER

We will not pay benefits for losses that are caused by or occur as the result of:

1. A normal pregnancy in which the disability begins during the first 10 months of the rider's issue date. (Complications of pregnancy will be treated as any other illness.)
2. Having a neurosis, psychoneurosis, psychopathy, psychosis, or mental or emotional disease or disorder. (However, Alzheimer's Disease and other organic senile dementias are covered.)
3. Treatment for dental care or dental care procedures.
4. Having a pre-existing condition as described by the rider.
5. Treatment for alcoholism or drug addiction unless the insured is addicted to a narcotic taken on the advice of a doctor.
6. Elective procedures and/or cosmetic surgery or reconstructive surgery unless it is a result of trauma, infection, or other diseases.

A "pre-existing condition" means having a sickness or physical condition which was treated or for which advice was received within twelve months before the effective date of the rider. After the rider has been in force for twelve months, we will pay benefits for any pre-existing condition not excluded by name or specific description if the covered loss began more than twelve months after the effective date.

## COVERAGE EFFECTIVE DATE

Effective date means the date shown on the Policy Schedule page for all persons accepted for coverage at the time of issue, provided the application has been accepted and approved by us; the policy is issued; and the first premium has been paid; or the date shown by endorsement for all persons added to coverage after the policy has been issued. The effective date is assigned by the Company in accordance with our policy dating rules in effect at the time your policy is issued. The coverage provided by the policy will not be effective unless there has been no change since the date of the application and the effective date of the policy in the health of any proposed insured person listed on the application.
